

Dear Community Members,

I am writing this letter on behalf of the students enrolled in Bay City schools who are greatly in need of mentors. All it takes is one hour a week to make a difference in the life of a child. As a mentor myself, I know the positive impact mentoring has in the life of a child who needs a little extra attention. The children's faces light up when they see you because they feel so special and know that you have chosen to spend time with them. It is so easy to become a mentor and be a positive role model in a child's life that so desperately needs you. You are rewarded every time you see your special child with a smile and by the knowledge that you are making a positive difference and helping to shape a child's future for the better. Please become a mentor today--a child is waiting for you!

If you have any questions or would like further information about my experience as a mentor, feel free to contact me at 245-5696.

Sincerely,
Karin Hill
